OUR APPROACH

Care that feels personal

A small home means care can be personal. There is time to get to know each person well.

We learn each person's routines, what they enjoy, and what matters to them.

The day is not rushed. Care fits around each person, and it is here 24 hours a day.

Families are always welcome to call, to visit, and to ask how things are going.

Rated Good by the Care Quality Commission (CQC) in all five areas, in a report published on 29 February 2020. The carehome.co.uk score comes from 4 reviews in the last two years, out of 13 in all. We checked both in October 2026.

Why families choose Beach Crest

Families want more than practical help. They want the person they love to be known, by a team that stays.

The same family since 1990

The family has owned and run Beach Crest since 1990. It opened with six beds and grew in 2015, with room for 11 people.

A small home

11 beds in ten bedrooms: nine single rooms and one double room on the ground floor.

Meals and the garden

Food is freshly cooked on site. Four rooms open onto the garden.

The clifftop

The home, in Barton-on-Sea, looks over Christchurch Bay, the Needles and the Isle of Wight.

Familiar faces

Many of our team have been here for years, so residents see people they know.

Three kinds of care

Residential care, dementia care and respite stays, all in one home.

“What truly sets Beach Crest apart is the immense care delivered by the owners and the amazing team.”

Russ D, November 2025, on carehome.co.uk

Three kinds of care

Every person is different. So our care starts with getting to know them.

Residential care

Residential care is help with daily life, given with respect. It is not nursing care.

We help each person keep as much of their independence as they can. Care is here 24 hours a day.

We learn each person's routines, likes and dislikes, so each day feels like their own.

Dementia care

We care for people living with dementia. We shape the support around the person, not the other way round.

In a small home, staff can stay close. There is time to talk, to encourage, and to help each person feel part of the day.

Respite stays

A short stay can help after an illness, or while someone gets their strength back. It can also give a carer at home a rest.

For some families, a short stay is a first step before a longer one.

Not sure which kind of care is right? Call us on **01425 612506**, and we will talk it through.

— LIFE AT BEACH CREST

Comfort, choice and company

Your own room

11 beds in ten bedrooms: nine single rooms and one double room on the ground floor. Five single rooms and the double room have an en-suite wet room. Four rooms and the lounge have sea views. Four rooms open onto the garden.

Bring your own things, like photos and ornaments, so the room feels like yours. We can provide furniture if you need it.

Fresh air

The garden is level, with a lawn, flowers and a patio. In summer, the clifftop is a short walk away, for fresh air and exceptional coastal views.

Food

Food is freshly cooked on site each day. We cater for special diets, and for what each person likes. Mealtimes are a calm and friendly part of the day.

Things to do

There is music, group exercise, board games, puzzles and painting. On a quieter day, you can chat, sit in the garden, or rest in your room.

“Food was always plentiful, nutritionally balanced and enjoyed.”

Jo M, March 2023, on carehome.co.uk

ACCESSIBILITY

Help to stay independent

Every room has its own alarm, so help is always close by.

There are handrails and bath aids, and a stair-lift between the two floors. There is also an accessible bath with built-in chair hoists.

Five single rooms and the double room have a wet-room shower. The garden is level, and there is wheelchair access.

Residents and visitors can use the free Wi-Fi, and there is parking on site.

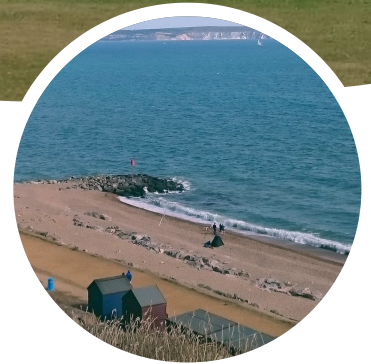

An en-suite, with a grab rail and an alarm pull-cord.

LOCAL LIFE

On the clifftop at Barton-on-Sea

The home looks over Christchurch Bay, the Needles and the Isle of Wight. The clifftop is a short walk away.

Close by

A bus stop, a café and the village shop are a short, level walk away.

Within a mile there are more shops and cafés, a church, a restaurant and the local GP surgery. Buses to Christchurch and Lymington stop less than 500 metres away.

Out and about

We can arrange visits from a chiropodist and a hairdresser. We can also help with occupational therapy and physio.

We help residents get to religious services and hospital appointments. And there is regular entertainment at home.

HERE TO HELP

Choosing a care home is a big step

It is a practical decision, and an emotional one. The family runs the home and is close to each day, so we can answer quickly. Ask about care, about funding, or about the person you have in mind.
